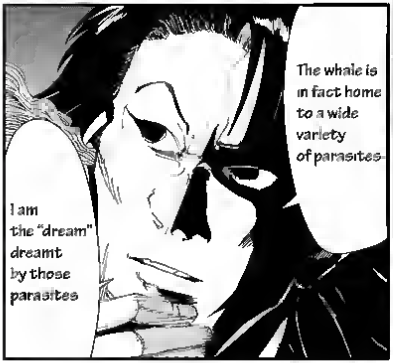
Old geezer
おっさん
Rupture in dream space
[様子]
[Image of situation]

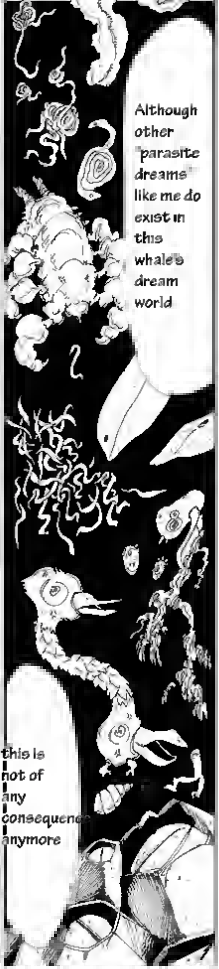
Slurrp slurrp
ズルッ ズルッ
You should clean out your ears and listen up
Don't eat with your ears

So old man, where do the noodles you eat disappear to?
I'm no old man

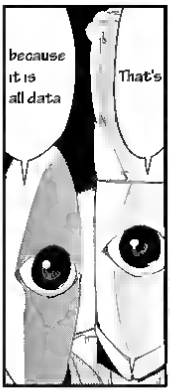


The whale is in fact home to a wide variety of parasites
I am the "dream" dreamt by those parasites

That's because, at any moment, this very world is going to be ramen-ized
and you and I are going to eat it all up!



Although other "parasite dreams" like me do exist in this whale's dream world
this is not of any consequence anymore

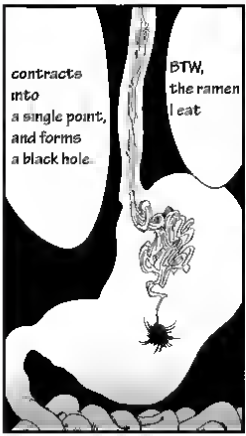


That's because it is all data

A-are, are you for real?

We'll probably meet again some time

Crunch
Ugh!



contracts into a single point, and forms a black hole.
BTW, the ramen I eat

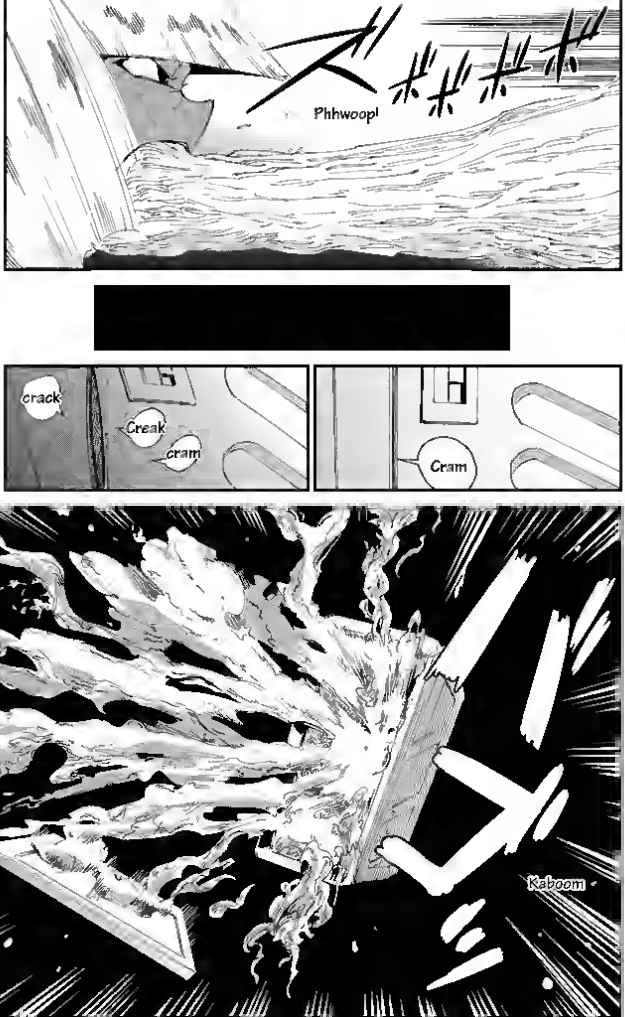
What's wrong?
You're hands stopped mid-hit you know

In other words, its gravitational pull means I have a good appetite!
You're eating faster?!
Ha ha ha ha ha
The whale's name is mine
I'll tell your mom on you too!
Don't treat me like a fool!

!!
Bam
ドス ドス ドス
Whap

Gotcha!
My black hole
will be forced out
Sluurp slurp slurp
Groan
So cruel!

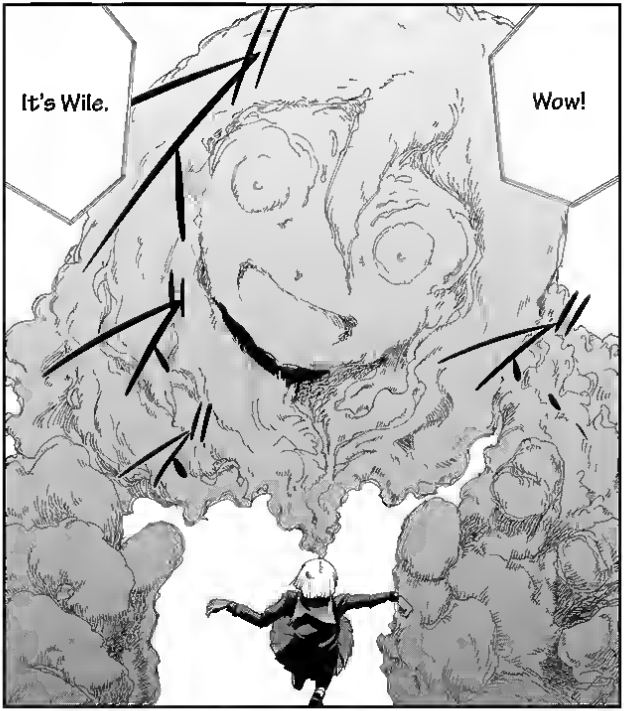
Ahhh!
Whirrr
Shit
The information will be lost.
I've got to eat quickly



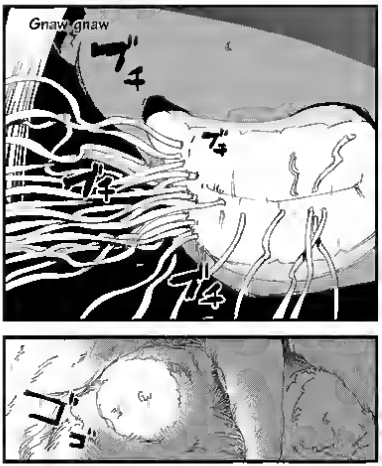
Phhwoop!
crack
Creak
cram
Cram
Kaboom

feels exactly like this.
This massive amount of information
This body of dat will keep expanding to the end of the world.
That's right To the end of the world

What the?!



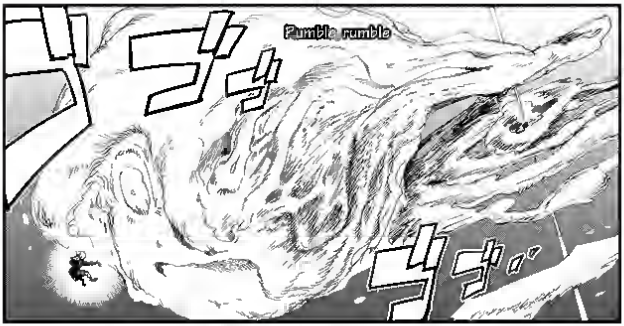
It's Wile.
Wow!



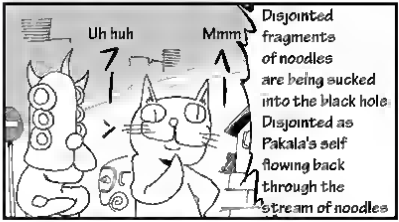
Gnaw gnaw
What on earth?!
Pakara!

It's buggy
Gaa gaa
Goo
Gah

I get it.
That's better
ullip
Dear me!
It looks so yummy!
I need nourishment.
Yum yum yum
I'll be right there Wile



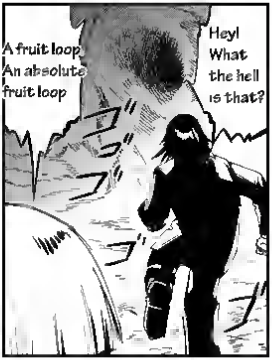
Rumble rumble



Uh huh
Mmm
Disjointed fragments of noodles are being sucked into the black hole
Disjointed as Pakala's self flowing back through the stream of noodles

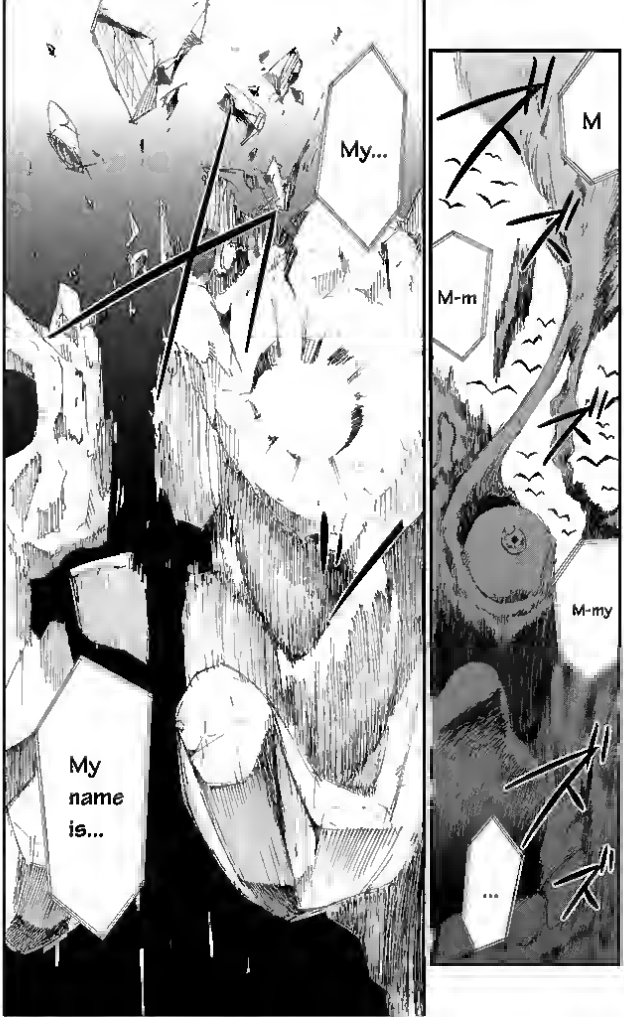
That's

I can't bear to watch
Go. Cease to be.



A fruit loop
An absolute fruit loop
Hey! What the hell is that?

Well, errrrr
we'll be in a jam
But, if its name disappears
Flap, flap, flap, flap
Hmm
You could just create alter egos from the start and then eat the ramen, right?



My...
My name is...
M
M-m
M-my
...
